Palace saucer track last night, Iver Lawson beat F. A. McFarland in two straight heats and Walter Demara outpaced Hardy Downing behind motors. The races were exciting and a bad spill occurred in the mile invitation protessional which brought the large crowd to its rest when four riders went down in the home stretch. Two of them were knocked unconscious but not seriously hurt. The other two escaped with bruises.

Lawson showed better form last night in his race with McFarland and wen handily. In the first heat, which was for half a mile, McFarland made a hard fight but was unable to stall the former champion as he came up and went around him, in the stretch winning by half a length. The second heat was wen by Lawson by lengths in good time.

Downing was greatly handicapped in his motor race against Demara on account of his motor. It was a road machine and Mitchell was unable to get any speed out of it. Whitter had a racing machine and Downing. In the second heat, Downing made a hard fight for first place, but without any pace protection he was unable to get up much speed, He was applauded for his excellent ride and Manager Heagren announced that he would have some pace machines here for the next motor paced events.

Hopper caused a spill in the mile invitation while looking back to see who was coming up. He bumped into a wheel and went down. Walker went over him and they both rolled to the bottom of the track. Dorlan and Carsiake darted up the track to escape but run into each other and they both rolled to the bottom of the track. Dorlan and Carsiake darted up the track to escape but run into each other and they both came down the track, but were not injured. Keefe won the race with Wilcox second and Burris third. Brodbeck won the Australian pursuit face in two miles and one lap. He wore the field down to four men and in three laps overtook Dietenbacher, who get second place. Berryessa stayed out for third place.

The two-mile open amateur went to Dietenbacher with Berryessa second and

## DROPPING MOCK BOMBS ON TO BATTLESHIPS

Glenn Curtiss, Using Oranges, Shows That It Is Practicable to Throw Them From an Aeroplane.

Atlantic City, N. J., July 12-Glenn H. Curtiss today tossed oranges as mimic bombs within three feet of the decks of the yacht John E. Meher II., used in place of a battleship, during the sham battle arranged to demonstrate the utility of the aeroplane in coast defense.

The mock "bombs" were dropped from a height of about 300 feet, and Curtiss purposely failed to strike the deck of the yacht for fear of injuring the officials and passengers of her

Visiting experts agree that the experiments showed that a fleet of aero-

periments showed that a fleet of aeroplanes armed with bombs could wreck
any warship before guns could be
trained on them.
Curtiss was flying about 45 miles an
hour when he dropped the "bombs,"
and officials on the deck of the yacht
declared that he was within acurate
distance for rifle fire less than half a
minute. Colonel William Jenes, retired, formerly United States engineer
corps, who is an advocate of aeroplanes
for coast defense, stated after the trial
his belief that the air machine has
proved its efficiency.

"The armored battleship is approaching its last days as an engine of attack
against a city or country guarded by
aeroplanes," he said:

"I believe a fleet of a score of air
machines would absolutely protect any
coast city. A night flight by such a
fleet would not only probably demolish an entire fleet of battleships, but
would so demoralize the crews of the
attacked vessels as to make them useless."

Dr. Bailey, formerly dean of the Hahnemann medical college of Chicago, has been working for two years with Dr. Frank H. Blackmar, also of Chicago. They claim for thoradx that it multiplies the use to which radium may be put and eliminates its dangers. One of its most important properties is that of alleviating pain.

#### LARGEST FRUIT SHIPMENT.

Sacramento. Cal., July 13.—The largest day's shipment of fruit ever sent from the Sacramento valley was dispatched yesterday, when 75 cars of pears and plums left for points in Canada and the eastern parts of the United States. There was nearly 2,000,000 pounds of fruit in the cars.

#### GEORGE WASHINGTON'S TEETH TO BE EXHIBITED

Cleveland, O., July 13.—George Washington's teeth will form a part of the exhibit of oral hygiene which is to be a feature of the convention of the National Association of Dental Surgeons at Denver next week. The teeth now are here in the office of Dr. W. G. Ebersole, chairman of the committee

on oral hygiene. The teeth are false and were worn by the "Father of the Country" at his first and second inaugurations. The teeth are of ivery, attached to plates of gold with a cement of German silver. Gold springs and hinges complete the combination. The contrivance was one of the first outfits of false teeth ever turned out in this country. Washington's descendants kept the teeth until some years ago, when they turned them over to the care of the Baltimore college of dentistry.
